

### **QUALITY, HEALTH, SAFETY & SECURITY POLICY**

The Management and Staff of TITANIUM SAFETY & SECURITY PTE LTD are committed to the concept and practice of quality, health, safety and security protection throughout our organization and complying with relevant legislation and other requirements.

We are committed to:

- Provide quality services to the customers and relevant stakeholders and ensuring the efficiency of project documentation at all times.
- Provide a safe and healthy system of work at our workplace and commitment to prevention of injury and ill health as well as protection of workforce, data and property against terror threats
- Provide training, skills enhancements to our staffs in our identification of quality works, health, safety and security threats in our company to ensure a proper understanding & appreciation of work practices are followed diligently.
- Continually improve on the company's quality, health, safety and security management and performances.
- Create awareness in every staff, subcontractor & valued-visitors of their responsibility to observe safety and aware of their responsibilities in contributing to the efforts of our anti-terrorism policy and practices
- Comply with customer requirements, legal obligations to which the organization subscribes
- Seek consultation and participation of workers, and, where they exist, workers' representatives for their valuable inputs and suggestions for the improvement of our QHS process and performance

Herein lies the fundamental of all work undertaken and practiced by all personnel in their daily activities. It is important that all staff acknowledge their responsibility in these aspects and provide positive contribution for quality, environment, health, safety and welfare in conjunction with the policy.
